FRONTEND

Angular | React | TypeScript | JavaScript (ES6+)

BACKEND

NestJS | .NET Core | C#

UI & TOOLS

SCSS / TailwindCSS / BootStrap | Git / Github | Figma | Adobe Photoshop

LANGUAGES

Hungarian - *Native language*

English - *A2 (Currently studying for B2 level)*

LÁSZLÓ NÉMETH

FRONTEND DEVELOPER

INTRODUCTION

I started my software development studies with C#. Now I focus on modern frontend technologies, especially Angular. I am also learning React, NestJS, and .NET Core to become a Fullstack developer. I work with precision and I always try to write clean, sustainable code

CURRENTLY LEARNING

RxJS / NgRx | React | TailwindCSS | .NET (C#) | SQL/NOSQL

EXPERIENCE

FRONTEND DEVELOPER

2024 - PRESENT

FREELANCER

Developing Single Page Applications (SPA) using Angular, SCSS, and TypeScript

Git version control, responsive design, and component-based development

FRONTEND DEVELOPER

2024 - PRESENT

FRONTEND MENTOR & PROJECT WORK

UI/UX Implementation: Pixel-perfect websites and complex layouts implemented with modern CSS (Grid, Flexbox) techniques

Featured Project – Recipe App (Full Stack)

Frontend: Angular-based interface with recipe management features.

Backend: Custom REST API developed with NestJS.

EDUCATION
