FRONTEND

Angular | React | TypeScript | JavaScript (ES6+)

BACKEND

NestJS | .NET Core | C#

UI & TOOLS

SCSS / TailwindCSS / BootStrap | Git / Github | Figma | Adobe Photoshop

LANGUAGES

Hungarian - *Native language*

English - *A2 (Currently studying for B2 level)*

LASZLO NEMETH

FRONTEND DEVELOPER

INTRODUCTION

I started my career with C# development. Later, I focused on modern frontend tools, especially Angular. Currently, I am learning Angular and NestJS to become a Fullstack developer. In the future, I also want to work with .NET Core and React. I am open to learning other new technologies too. My main goals are precision, good user experience, and writing clean code.

CURRENTLY LEARNING

RxJS / NgRx | React | TailwindCSS | .NET (C#) | SQL/NOSQL

EXPERIENCE

FRONTEND DEVELOPER

2024 - PRESENT

FREELANCER

Developing Single Page Applications (SPA) using Angular, SCSS, and TypeScript

Git version control, responsive design, and component-based development

FRONTEND DEVELOPER

2024 - PRESENT

FRONTEND MENTOR & PROJECT WORK

UI/UX Implementation: Pixel-perfect websites and complex layouts implemented with modern CSS (Grid, Flexbox) techniques

Featured Project – Recipe App (Full Stack)
Frontend: Angular-based interface with recipe management features.

Backend: Custom REST API developed with NestJS.
