FRONTEND

Angular | RxJS/NgRX | TypeScript | JavaScript (ES6+)

BACKEND(BASIC)

NestJS | Prisma | SQL/NoSQL

UI & TOOLS

SCSS / TailwindCSS / BootStrap | Material UI/ PrimeNG | Git / Github | Figma | Adobe Photoshop

LANGUAGES

Hungarian - *Native language*

English - *A2 (Currently studying for B2 level)*

LASZLO NEMETH

FRONTEND DEVELOPER

INTRODUCTION

Frontend developer focused on building Angular web apps. I have experience with responsive pages, forms, and interactive UI (filtering, sorting). I have basic experience with PrimeNG and Angular Material, and basic backend knowledge (NestJS). I am currently improving my Angular skills (Signals, standalone components).

EXPERIENCE

FRONTEND DEVELOPER

2024 - PRESENT

FREELANCER

Developing Single Page Applications (SPA) using Angular, SCSS, and TypeScript

Git version control, responsive design, and component-based development

FRONTEND DEVELOPER

2024 - PRESENT

FRONTEND MENTOR & PROJECT WORK

UI/UX Implementation: Pixel-perfect websites and complex layouts implemented with modern CSS (Grid, Flexbox) techniques

Featured Project – Recipe App (Full Stack)

Frontend: Angular-based interface with recipe management features.

Backend: Custom REST API developed with NestJS.
